*Enhancing our capacity to be a  
public voice for engineering*

## The Sanjit K. Mitra Family Challenge for Newer Members

Sanjit K. Mitra ('03) and his family have issued a challenge to members of the classes of 2013, 2014, 2015, and 2016 to collectively give \$100,000 in 2016 to any NAE fund. Mitra's generous gift of \$100,000 supports the Frontiers of Engineering Education (FOEE) program.

*"I'm a strong believer in innovation, and being an NAE member has given me so many opportunities to network and learn from my colleagues. I'm excited about giving back."*

—SANJIT K. MITRA

## SUPPORT THE NAE

Any gift and/or pledge from an NAE member elected in the last four years, to any NAE fund will count towards the Mitra Family Challenge. Unrestricted gifts afford the Academy much-needed flexibility to direct funds where they have the most impact.

Your support inspires the next generation of engineers, strengthens the engineering profession, and engages the public about the benefits and opportunities engineering presents to people and society.

## GIVING GUIDELINES:

- \* All gifts and/or pledges from members of NAE classes of 2013, 2014, 2015, and 2016 count toward the challenge.
- \* Gifts can be made to any NAE fund by December 31, 2016.
