“Impact”

• “... recognized for his/her role in guiding and mentoring the student”
• “... recognizes and fosters excellence in the teaching of ... to encourage young teachers in the field.”
• “... recognize long and devoted service in teaching ... and an unusual ability to inspire and impart enthusiasm to students.”
What Does This Mean?

• Few awards are explicit about impact
• Many educator awards look at years of service and technical contributions
• Some societies do not offer awards related to engineering education excellence/impact
Role of Industry

• IISE IAB Report
• Identify needs to determine impact
• Collaborate with academia to increase student understanding of industry
• Nominate candidates for awards
